

PEGGY BAKER DANCE PROJECTS

Inside the Art

An intimate studio presentation

THE POWER OF *GESTURE*

Join celebrated dance artist Peggy Baker as she delves into the ideas that inform her work as a choreographer and interpreter. In this intimate studio presentation, Peggy explores the power of gesture, a choreographic element that can define character, distill the charge of emotion, or reveal the essence of musical accompaniment with striking economy and impact. Peggy discusses and demonstrates the potency of gesture through a series of dances – her three works *Unfold, a true story* and *Strand* and Doug Varone's *Home* – that employ this essential choreographic device in very different ways. She is joined by veteran dance artist Larry Hahn (Doug Varone and Dancers) for *Home*.

This work can be presented on stage as well as in low-tech environments such as studios, galleries, and foyers.

Touring Party: 2

Per performance fee: \$1500+HST plus travel, accommodation and per diem
